TheCSRUniverse is proud to announce the launch of the **6th edition of the Social Impact Conference & Awards (SICA'26)**, organized in partnership with our **Lead Partner, M3M Foundation**. As one of India's leading platforms for advancing the social impact ecosystem, SICA'26 will bring together influential leaders from the corporate, development, government, philanthropic, and social sectors to exchange ideas, explore emerging trends, and foster collaborations that drive meaningful and sustainable change.

Through insightful discussions, thought leadership sessions, and prestigious awards, SICA'26 will spotlight innovative CSR, ESG, and social development initiatives while recognising organisations and individuals creating measurable impact across communities. Join us as we celebrate excellence, inspire action, and strengthen partnerships that contribute to a more inclusive, resilient, and sustainable future.

AI's hidden water footprint: Why sustainable data infrastructure matters

India's data centres consumed an estimated 150 billion litres of water in 2025, a figure projected to more than double by 2030, underscoring where smarter infrastructure decisions, better policy, and coordinated investment can matter most. Now is India's chance to figure this out early and build digital infrastructure for the long haul.
